Overtime Policy

IT-RANKS Egypt recognizes that there may be occasions when employees are required to work beyond their regular working hours to meet operational needs. This Overtime Policy outlines the guidelines and procedures for overtime work, including eligibility, compensation, and approval processes.

❖ Definition of Overtime

- ✓ Overtime refers to any work performed by an employee—excluding managers and leaders—beyond their standard working hours as outlined in their regular schedule, and it qualifies for additional compensation.

❖ Maximum Monthly Overtime Hours (In Compliance with Egyptian Labor Law)

- ✓ In line with the Egyptian Labor Law, employees are not allowed to exceed 50 overtime hours per month.
- ✓ All overtime must be pre-approved by the Project Manager (PM) and subsequently reviewed by the Resource Manager (RM) to ensure alignment with project needs and resource availability.
- ✓ In cases where overtime hours are expected to exceed the 50-hour monthly limit, additional approval is required from both the Practice Center of Expertise Director and the Program Director. This ensures compliance with labor regulations and supports effective workforce planning and operational oversight.

❖ Compensation for Overtime

- ✓ The overtime hours worked can be compensated for with additional pay at the employee's regular hourly wage.
- ✓ The overtime hours worked can be compensated for with Time in lieu per employee request (8 hours =1 day)

❖ Overtime Rates

- ✓ Overtime rates and calculations will be in compliance with the local Egyptian labor law.
 - As per the Egyptian labor law we have 3 rates;
 - Regular Hours From 5:00 PM = $\text{Hourly Rate} \times 1.35 \times \text{Number of Overtime Hours}$.
 - Night Overtime Pay From 8:00 PM = $\text{Hourly Rate} \times 1.70 \times \text{Number of Night Overtime Hours}$.
 - Fridays & Saturdays & Public Holiday
 $\text{Overtime Pay} = \text{Hourly Rate} \times 2.00 \times \text{Number of Fridays/Public Holiday Overtime hours}$.
- ✓ The on-call Rota involves a weekly commitment of 128 hours, distributed as follows:
 - Sunday to Thursday: a daily on-call of 16 hours.
 - (Friday & Saturday): Full 24-hour coverage on weekends.
 - The compensation for this schedule is set at 3,000 EGP per week.

- If an employee is called out, he will be entitled for overtime, these overtime hours will be calculated based on the company's overtime policy.
- ✓ Shift-Based Compensation, the company operates with three shifts. Employees assigned to Shift 2 and Shift 3 will receive additional compensation as follows:
 - Shift 2 (5:00 PM to 1:00 AM): Employees assigned to this shift will receive an additional **10%** of their basic salary as compensation.
 - Shift 3 (1:00 AM to 9:00 AM): Employees assigned to this shift will receive an additional **15%** of their basic salary as compensation.

 - Employees must submit a formal request via email for time in lieu if they have worked on a public holiday within the same month.
